2488

2489

22 kW
60 paneli

The drawing is a technical architectural plan of a roof, labeled 'RZUT DACHU'. It depicts a rectangular area with overall dimensions of 2488 units by 2489 units. The plan is divided into several functional zones. In the upper-left quadrant, there is a large rectangular area containing a horizontal array of 12 small squares, a vertical array of 12 small squares, and a central square feature. The upper-right quadrant contains a large square feature, a horizontal array of 4 small squares, and a vertical array of 4 small squares. The lower-left quadrant is filled with a dense grid of small squares, with a horizontal array of 4 small squares and a vertical array of 4 small squares. The lower-right quadrant is also filled with a dense grid of small squares, with a horizontal array of 4 small squares and a vertical array of 4 small squares. Various symbols, including circles and lines, are scattered throughout the plan, likely representing structural elements or equipment. The drawing is oriented with the 2488 dimension horizontally and the 2489 dimension vertically. The text '22 kW' and '60 paneli' is located to the right of the drawing, indicating the power and panel count. The drawing is framed by a double-line border. The grid lines are labeled with numbers 1 through 6 horizontally and A through D vertically.

Architectural drawing showing the roof layout (RZUT DACHU) of a building, divided into three main sections (A, B, C) and a fourth section (D) at the bottom right.

The drawing includes dimensions and technical specifications:

- Overall width: 2488
- Overall height: 2489
- Section A (Top Left): 2488 x 2489
- Section B (Top Right): 2488 x 2489
- Section C (Bottom Left): 2488 x 2489
- Section D (Bottom Right): 2488 x 2489

Technical specifications for the roof layout:

- 22 kW
- 60 paneli

The drawing shows various structural elements, including walls, windows, doors, and roof sections, with dimensions and annotations indicating the layout and construction details.
